MAYOR HOPKINS was a little slow, but he got there at last. He finds that mobs do not suppress themselves.

The process of "removing the burden from the back of toil," that we have heard so much about in recent campaigns, we presume is still going on.

Those strikers who are disturbing property, if they are strikers, do not seem to have much regard for the vested rights of labor that Senator Palmer once mentioned in a speech he made in the senate.

PRESIDENT DEBS says those people who constitute the mobs in Chicago are not strikers. If this is true then these mobs are doing the strikers great injustice and ought to be put down by any power that comes handiest.

PRESIDENT DEBS says that as soon as Pullman settles the difference between his company and its former employees, the strike will be declared off. This raises the question of what is to become of those railway employees who have struck on account of their own grievances.

Gov. ALTGELD has jumped on Grover Cleveland for invading the State of Illinois with United States troops, and the socialist convention in Springfield, which has been in session several days has jumped on Gov. Altgeld for sending militia to points where there has been a disturbance of traffic, and there you are.

ABRAHAM LINCOLN, in his inaugural address March 4, 1861, in speaking to those who were organizing the Confederacy, said: "You have no oath registered in heaven to destroy the government, while I have the most solemn one to 'preserve, protect and defend' it." Preserving the government consists in preventing any one from interfering with the functions of the government. Carrying the mails is as much a function of the government as defending it against invasion.

Gov. ALTGELD should remember that the governor of Maryland once upon a time said that United States troops should not cross the state of Maryland and that history records the fact that the aforesaid troops did cross that state.

Mr. Mason and the Senatorship. The Chicago Inter-Ocean: We have received several letters from friends of Hon. W. E. Mason protesting against our expressed preference for the re-election of Senator Cullom to the United States senate. For some reason they seem to think that Mr. Mason really stands a chance to beat Mr. Cullom for the nomination. They must have different information from any we have been able to secure.

There is no desire on our part to do injustice to Mr. Mason. He is one of the most popular campaigners in the state, and county conventions are generally delighted to have him visit them, and the delegates cheer his telling points and otherwise receive him cordially. But he makes a mistake if he takes such welcome as an evidence that they are going to use their influence to make him senator.

Senator Cullom has served the people long and faithfully and deserves well at their hands. It is true that he is not popular with some of our great corporations, but the people respect him more the less for that. If he has the ill will of any of those corporations it is because he chose to try to protect the interests of the people from the grasping monopolistic tendencies of some of their number. In these efforts Senator Cullom has been very earnest, and for laws controlling railways and public corporations, both State and National, the people are under more obligation to him than to any one man in public life. He has sought to build himself up in the esteem of the people rather than to fatten on corporation favors, and in times like these such action should not be forgotten.

One argument which Mr. Mason's friends use in his behalf we think is much overdone, and that is that it would greatly strengthen the state ticket to have Mr. Mason nominated because he is from Cook county, where the great vote is. It seems to us that General Atkinson took all the strength out of that argument in his pronouncements some weeks ago when he showed that each

time a Cook county man had been on the state ticket he ran behind the ticket in his own county. That would look as though a Cook county man on the ticket weakened it in his own home region. Mr. Mason might be an exception to the rule, but we confess we see no good reason why he should be. Like Mr. Hertz and Mr. Ambrose, he has been a fighting Republican here for a good many years, and while he has a good many friends, he undoubtedly has a good many enemies also. While residence in Cook county has some advantages, it also has some disadvantages to the state politicians.

MR. MASON AND THE SENATORSHIP. The Chicago Inter-Ocean: We have received several letters from friends of Hon. W. E. Mason protesting against our expressed preference for the re-election of Senator Cullom to the United States senate. For some reason they seem to think that Mr. Mason really stands a chance to beat Mr. Cullom for the nomination. They must have different information from any we have been able to secure.

There is no desire on our part to do injustice to Mr. Mason. He is one of the most popular campaigners in the state, and county conventions are generally delighted to have him visit them, and the delegates cheer his telling points and otherwise receive him cordially. But he makes a mistake if he takes such welcome as an evidence that they are going to use their influence to make him senator.

SENATOR CULLOM HAS SERVED THE PEOPLE LONG AND FAITHFULLY AND DESERVES WELL AT THEIR HANDS. IT IS TRUE THAT HE IS NOT POPULAR WITH SOME OF OUR GREAT CORPORATIONS, BUT THE PEOPLE RESPECT HIM MORE THE LESS FOR THAT. IF HE HAS THE ILL WILL OF ANY OF THOSE CORPORATIONS IT IS BECAUSE HE CHOSE TO TRY TO PROTECT THE INTERESTS OF THE PEOPLE FROM THE GRASPING MONOPOLISTIC TENDENCIES OF SOME OF THEIR NUMBER. IN THESE EFFORTS SENATOR CULLOM HAS BEEN VERY EARNEST, AND FOR LAWS CONTROLLING RAILWAYS AND PUBLIC CORPORATIONS, BOTH STATE AND NATIONAL, THE PEOPLE ARE UNDER MORE OBLIGATION TO HIM THAN TO ANY ONE MAN IN PUBLIC LIFE. HE HAS SOUGHT TO BUILD HIMSELF UP IN THE ESTEEM OF THE PEOPLE RATHER THAN TO FATTEN ON CORPORATION FAVORS, AND IN TIMES LIKE THESE SUCH ACTION SHOULD NOT BE FORGOTTEN.

ONE ARGUMENT WHICH MR. MASON'S FRIENDS USE IN HIS BEHALF WE THINK IS MUCH OVERDONE, AND THAT IS THAT IT WOULD GREATLY STRENGTHEN THE STATE TICKET TO HAVE MR. MASON NOMINATED BECAUSE HE IS FROM COOK COUNTY, WHERE THE GREAT VOTE IS. IT SEEMS TO US THAT GENERAL ATKINSON TOOK ALL THE STRENGTH OUT OF THAT ARGUMENT IN HIS PRONOUNCEMENTS SOME WEEKS AGO WHEN HE SHOWED THAT EACH

TIME A COOK COUNTY MAN HAD BEEN ON THE STATE TICKET HE RAN BEHIND THE TICKET IN HIS OWN COUNTY. THAT WOULD LOOK AS THOUGH A COOK COUNTY MAN ON THE TICKET WEAKENED IT IN HIS OWN HOME REGION. MR. MASON MIGHT BE AN EXCEPTION TO THE RULE, BUT WE CONFESS WE SEE NO GOOD REASON WHY HE SHOULD BE. LIKE MR. HERZ AND MR. AMBERG, HE HAS BEEN A FIGHTING REPUBLICAN HERE FOR A GOOD MANY YEARS, AND WHILE HE HAS A GOOD MANY FRIENDS, HE UNDOUBTEDLY HAS A GOOD MANY ENEMIES ALSO. WHILE RESIDENCE IN COOK COUNTY HAS SOME ADVANTAGES, IT ALSO HAS SOME DISADVANTAGES TO THE STATE POLITICIAN.

gold last night sent the follow-  
sage to President Cleveland  
tinuation of the correspond-  
to the press Thursday night:

To the Pres. Grocer, Cleveland, Pres.

United States, Washington, D. C.:

Sir—Your answer to my pro-

some startling conclusions and evi-

dences the question at issue—the

principle of local self-government

fundamental in our institutions

federal supremacy.

First—You calmly assume that

the law has the legal right to order

the dismemberment whenever there

an disturbance, and that he can

put any regard to the question

that community is able to defend

its sole judge of the question

any part of the nation.

Second—You assume that

the military shall be subordina-

to the civil authority. In harmony with

the state troops what is not to do

with the state authorities. T

those referred to Chicago are

civil authorities and are in no w

to them for their conduct.

The acting under the United States

any federal officer of the

acting directly under military

from military headquarters

and in far as these troops are

military government.

The statute authori-

zations to be sent into states i

contemplates that the state to

be bound by it. Federal interfer-

ence disturbances in the various

states could not

not discuss the facts, but

the principle involved in your

case is that the state is

not bound by it.

Third—You assume that

the state is to be held responsible

for the acts of its citizens.

Fourth—You say that trou-

ble Illinois upon the demand of

the state to be removed

into the state of Indiana.

It is the sole judge of the

main bridges when completed.

All trees to be of 2 inch burr oak or white oak,

and all joints to be of white oak, and to be

to be driven not less than seven feet and nine

inches apart.

The main approaches to be on a level with

the main bridges when completed.

#### HISTORY IN WIGS.

Record of False Locks Kept by Hair Dealers—Contagions in Hair.

"Dealing in human hair is a peculiar business," said the proprietor of a wig-making establishment recently. "People do not understand the ins and outs of a business that must on its face seem so simple."

"The mere matter of obtaining hair with which to make wigs, switches and other hair-work to adorn heads poorly favored by nature seems easy. But it is not so. We have to exercise the greatest care in buying hair, it being absolutely necessary to know from what source it has been obtained. A great deal of hair comes from the ash barrels and garbage piles. You can see that material of this kind would not be at all desirable, yet people often wonder why one wig costs four times as much as another when in appearance both are the same."

"The source from which the hair is obtained has a great deal to do in determining the price of the goods. If hair has been cut from a fever patient the price asked is considerably lower than if it had been cut from the head of a healthy person. Hair, perhaps, retains disease germs longer than anything else. That this is appreciated is shown by the fact that even after hair found in uncertain places has been put through the severe cleansing process to which all the material used is subjected, still it does not command the same price as the healthy article. One would think that this process would kill all disease germs, but it does not seem to increase the value of such hair."

"When hair is collected it is thrown into vats of boiling water, where it is left to boil for a considerable time. After that it is put through a chemical preparation and then after being combed out and sorted in sizes it is laid away for a year. We never use any hair that has not been treated at least a year. Each box is marked with the date on which the hair was treated, the place from which it came, etc., so that we have a full history of every bit of hair in stock."

"We meet some peculiar people in our business. You would soon be convinced that women can not claim exclusive title to vanity. We find men who are hairless more difficult to please than women. They insist upon having this bald spot covered just so, and their way invariably happens to be the only way in which it can not be fixed."

## THE GREAT STRIKE.

The Situation Growing More Serious Hourly.

### THE TORCH IN THE HANDS OF THE MOB.

A Trail of Fire a Mile Long Caused by Burning Stations and Loaded and Empty Freight Cars Fired by the Strikers.

Large Additions to the Military and Police Forces at Chicago. Ten Thousand Armed Men in All Seizing in the Field.

CHICAGO, July 7.—Two hundred and twenty-four cars on the Panhandle tracks between Forty-fifth and Fifty-ninth streets—a distance of about one mile—were totally destroyed by fire between the hours of 6 and 8 o'clock last night.

Shortly after 5 o'clock immense crowds of men, women and boys were seen coming from the stock yards toward the network of tracks at the crossing of Forty-seventh street. The mob was augmented every minute by a seemingly never-ending string of the strikers and their sympathizers, and about 6 o'clock fully 4,000 people were massed along the tracks from Forty-fifth street. They were the stock yards crowd, and intent on a repetition of Thursday night's destruction, and the few police who remained on duty were utterly powerless. They were not even noticed by the strikers, who went to work at once. "Down the tracks" was the cry, and with a rush the mob started southward. Bunches of waste were stolen from switchmen's shanties, and soaked with the "dope" used in oiling the cars, made excellent torches.

At Forty-seventh street, five cars standing on the Grand Trunk tracks were the first to meet destruction. Some of them were loaded. This did not deter the frenzied crowd from their work, and the seals were broken and the doors slid back. A bunch of the burning waste thrown inside quickly ignited the contents, and in less than three minutes the five cars were blazing fiercely. Without waiting to see that their work was complete the crowd surged on.

They kept to the Panhandle tracks, and at Forty-ninth street came upon six more cars. In the Garfield Boulevard yards of the Panhandle four tracks were full of freight cars, more than half of which were loaded.

At this crossing is located a switchman's tower, and this was first fired. Then the mob turned its attention to the cars on the siding, but for some reason fired but one of them—the car of dressed beef which had been started eastward several days ago. They suddenly stopped their incendiary and turned their attention to tearing up switches. After number had been rendered useless the mob continued on way southward.

At Fifty-eighth street is situated the station house of the combined roads. This was fired and quickly destroyed. A strong wind was blowing, and the flames were quickly spread across three or four tracks which were filled with cars. The railroad people say that there were fifty cars there, forty of which were loaded. All were soon in a mass of flames. About thirty of the cars were filled with coal and the heat was intense. Fifteen of the cars contained meat from the big packing houses of Armour, Swift and Nelson Morris.

By this time the fire department had been advised of the fires further north on the tracks and had sent their forces there. But on learning of the seriousness of the situation at Fifty-eighth street, they abandoned their fight further northward, and came to the scene of the conflagration, which promised to be serious.

Upon the appearance of the fire and police departments, the mob turned about and started for the city. On their way to Forty-seventh street they set fire to all cars that they had missed in their hurried march southward. No water could be obtained near the Garfield boulevard yards and the cars were slowly burned up. It was noticed that the leaders of the mob were mostly foreigners, and as they retraced their steps a few of the leaders started off in the direction of the stock yards.

The mob continued its work of destruction on its march to the stock yards. Both gangs again met at Forty-ninth and Halsted streets, and continued their march to the yards. The 240 cars in the yards were completely destroyed, and when the mob reached the stock yards they divided up into small gangs and separated among the big packing houses. It is feared that the worst is to come, and that the crazed mob will destroy the big packing houses during the night.

On its return march the rioters set fire to four cars standing on the Grand Trunk tracks just west of Ashland avenue. The cars were loaded with baled twine. Alarm of fire was sent in from Forty-ninth and Ashland avenue, but it was several minutes before the firemen reached the scene.

The overworked horses were so exhausted that it was with difficulty that they could be forced out of a walk. The firemen in this district had responded to nearly sixty calls during the past twenty-four hours, and as they reached the scene they were received with jeers and curses by a mob of Bohemians, Poles and Italians.

The firemen succeeded in quenching the flames before the cars were completely destroyed, but had hardly reached the engine house again when they were called out from the same box. The mob had set fire to cars again. This time the worn out firemen made but feeble efforts to extinguish the blaze. At 2 o'clock the cars had been reduced to ashes.

### THE PRESIDENT ALERT.

The Government Will Do Its Full Duty in Suppressing Mob Rule.

WASHINGTON, July 7.—Every effort of the administration in conjunction with Maj.-Gen. Schofield is being directed to arranging for the speedy concentration of troops at Chicago. The federal government will exhaust every means in its power to bring about a compliance with the several injunctions issued by the United States courts. The purpose of the government is not to attempt to control the mobs engaged in rioting in Chicago and elsewhere unless the state authorities fail in this duty. The government troops and the posses of United States deputy marshals will devote their energies to protecting government property, to preventing interference with interstate commerce and to securing the free transmission of the mails.

The cabinet meeting resulted yesterday in a general understanding to carry out the policy indicated. One important matter developed at the meeting was that the militia organizations of one state could be called on to suppress disorder in another state where the local authorities had failed to enforce obedience to the law. Atty.-Gen. Olney said yesterday afternoon that there was ample constitutional authority for such action, and it is not unlikely that preparations for drawing on state militia for this purpose will be made, although there is no immediate necessity for carrying the policy into effect.

The proper distribution of government troops is causing serious concern at the war department. A high official said that 5,000 regulars were needed to suppress the disorders in the west. All the companies of infantry, batteries of artillery and troops of cavalry at western army posts are needed where they are now stationed, and are practically resting on their arms. The army authorities are apprehensive that if they are sent to various points where rioting is going on trouble will follow at the places from which the troops are withdrawn. This is particularly true of San Francisco. The failure of the California state militia to preserve order at Sacramento has caused the government to consider the advisability of sending regiments there and the federal officers are confident that the fifth artillery regiment, now stationed at the Presidio at San Francisco, could restore order at Sacramento without difficulty. But just there the difficulty comes in. It is not considered good policy to withdraw the regiment from the Presidio at this time, for the absence of troops might prove the opportunity for riotous movements there. So it is all over the west, and Maj.-Gen. Schofield is holding his forces in reserve while he watches every indication of disorder that may call for action on the part of his soldiers. Gen. Schofield says he will not order the Presidio troops from San Francisco unless on the urgent request of Brig.-Gen. Ruger commanding the department of California.

### THE NONARRIVAL OF TRAINS

Causes Excitement at Pittsburgh—Eastern Railmen May Join the Boycott.

PITTSBURGH, Pa., July 6.—The nonarrival of passenger trains over the Pittsburgh, Fort Wayne & Chicago this morning from points west from Fort Wayne caused much excitement at the Union station. For the first time passenger service from the west was seriously interfered with. Neither the limited nor the day express arrived, nor are they expected until late this afternoon.

A train with one Pullman attached was made up at Fort Wayne, and arrived at 8 o'clock. It proceeded east over the Pennsylvania railroad, but very few passengers.

Eastern trains and the regular trains departing for the west over the Panhandle and Fort Wayne roads were all on time.

### THE POLICE STONED.

They Retreat, Badly Wounded, Until Reinforced, When They Charge the Crowd.

UNION STOCK YARDS, CHICAGO, July 6.—The mob which had been remaining quietly at Thirty-ninth street since the riot of this morning began throwing stones at 2:30 this afternoon at the police who were on duty there. The police attempted to arrest the ring-leaders, when the latter made a rush for the officers and pounded and kicked them until the police retreated.

They called on Capt. O'Neill for assistance and he responded with fifty police who charged upon the crowd with clubs. Several persons in the mob suffered scalp wounds. More trouble is expected as the crowd is rapidly growing larger and now numbers nearly 6,000 boys and men.

### FIRE INTO A CROWD.

Two Hundred Cars Burned by the Mob—More Troops Hurrying Forward.

CHICAGO, June 30, 6:30 p.m.—Late this afternoon a gang of about twenty men engaged in moving a car on the Illinois Central tracks at Kensington were fired into by Detective Stark, of the Michigan Central road. Two of the men were hit, but not fatally hurt. Stark was protected by the police and taken to the Hyde Park station.

The crowds have burned about 200 cars this afternoon at Kensington and Burns streets. Co. F, of the eighteenth infantry, is now at Kensington, and the first regiment I. N. G. started at 6 p. m. from its armory down town for the scene of the trouble.

### COMPOSERS DISSATISFIED.

CHICAGO, Ill., July 7.—The composers employed by the Inter-Ocean newspaper held a meeting last night and passed resolutions denouncing the policy of the paper and demanding that the resolutions be printed in the paper to-day. W. B. Prescott, president of the International Typographical union, was telegraphed for at Indianapolis and will be here to-day.

### NO PROSPECT OF A COMPROMISE.

SACRAMENTO, Cal., July 7.—The railroad officials say there is no truth in the report that the company is willing to compromise and has made an offer to the strikers. The latter say they cannot do so if they were willing. President Debs only can declare the strike off. All is quiet up to noon.

### KNIGHTS OF LABOR CALLED OUT.

CHICAGO, July 6.—At midnight it is reported at the headquarters of the American Railway union that General Master Workman Sovereign has issued an order calling out all the Knights of Labor in the state of New York, where the organization is said to have a membership of 200,000.

### THE ROSTER.

The Scenes in Chicago & Remainer of War Times.

CHICAGO, July 6.—The scenes in the city to-night are to the old residents a vivid reminder of war times. The broad expanse of lawn on the lake front from the Chicago club far south of the Auditorium hotel is dotted with the white tents of the regulars from Fort Sheridan, Leavenworth and Brady, while sentries patrol the broad sidewalk to compel the crowds of onlookers to keep at a respectful distance.

A few blocks north another big crowd surrounds the armory of the second regiment where ten of its respective companies together with two regiments of the second brigade are quartered awaiting a call to service.

Company C, of the thirteenth regiment, from Fort Sheridan, is camping in the rotunda of the government building as a result of orders issued by Gen. Miles, who, while not believing that any attack will be made on the dilapidated structure, regarded it as politic to give it protection, especially as its roof shelters the post office and subtreasury. The roster of the troops concentrated in the city and under arms is as follows:

Regulators—Troop K, seventh cavalry, Capt. Hare; Battery D, first artillery, Capt. Allyn Capron; Co. E, fifteenth infantry, Col. H. H. Humphreys, Lieuts. B. C. Welsh and H. L. Jackson; Co. F, fifteenth regiment, Capt. G. K. McGinnigle, First Lieutenant S. S. Pogue, Second Lieutenant and Battalion Adjutant John M. Palmer—all of Fort Sheridan; Co. H, seventh regiment, Capt. Sanno; Co. E, tenth infantry, Captain; Co. F, thirteenth infantry, Lieut. James; Co. A, fifth infantry, Capt. Randall; Co. E, twelfth infantry, Capt. Brown—all of Fort Leavenworth; Co. B, nineteenth infantry, Lieut. Frazier, and Co. F, nineteenth infantry, Capt. Erickson and Lieut. Purcell, of Fort Brady. Total, 1,300 men.

National Guard—Entire first brigade; second brigade with the exception of four companies. Total, 5,000 men.

In addition to the entire police force, including the reserves, substitutes and new men, a total of 3,300 is available for special emergency call. This makes a total of 10,600 armed men that at less than an hour's notice can be placed in the field.

### MORE TROOPS CALLED OUT.

A Bloody Conflict Between Militia and the Mob Expected.

CHICAGO, July 6.—As a result of a prolonged conference between Brig.-Gen. Wheeler and Major Hopkins orders were issued to the first and second regiments, including companies A and D of cavalry, to report to Inspector Hunt of the police department, at Thirty-ninth street and the Fort Wayne tracks at 4 o'clock sharp. The troops will be employed to reinforce the effort of the police department to clear the tracks south of Ninety-third street.

The demand for boots and shoes is slightly better as to choice grades particularly of women's goods and the shipments from the east are at present about equal to last year's.

Textile manufacturers do not show improvement—two important cotton mills manufacturing cotton goods having stopped entirely while others are still running.

Black River and Providence has reduced 1,000 pieces and a downward revision in prices of beaded sheetings is expected.

The government has closed its fiscal year with a decrease of \$88,919.27 in revenue, and has now to make numerous payments which have been deferred, while from other causes its reserve would naturally be increased.

On the other hand attempts to avoid taxes, particularly on whisky, are likely to be made, and may compensate for the loss in customs receipts this month.

Bookers are, therefore, calculating that the point of danger is passed especially since gold exports have stopped, amounting to only \$50,000 for the week.

The figures in the second quarter of 1894 were \$7,374 against \$1,199 last year, and the amount of liabilities in commercial failures was only \$37,595,972, against \$23,982,179 in the first quarter of the year and \$21,541,222 including all reported in the second quarter of last year.

There is a heavy drain on manufacturing liabilities—\$13,411,125 against \$2,971 in the first quarter, and still in the second quarter.

This is the most encouraging improvement during the second quarter, though the half yearly return is large. The aggregate for the half year—\$7,811 commercial failures, with \$10,578,150 liabilities—has not been surprised, but the first was a decided increase in banking failures, which numbered only 63, with liabilities of \$13,184,461, and in railroad receiverships, which numbered 17 with \$46,800,625 of indebtedness exclusive of beaded sheetings.

Failure during the week has been 181 in the United States against 234 last year, and 34 in Canada against 23 last year with no important disaster as yet since the new half year began.

### RUIN AND STARVATION

Threatened, Pending the Close of the Mineral Strike at Ironwood, Mich.

IRONWOOD, Mich., July 6.—The situation here remains unchanged. The operators are unable to secure men to work the shovels or for their mines, those willing to work being afraid of violence.

President Curry of the Metropolitan company states that unless the situation changes soon he will order the pumps taken up and allow the mines to flood.

The entire office forces of the three mines and the captains and bosses who have continued on duty pending a settlement of the strike, have been off and all workmen have been ordered to apply at the office for their money.

The outlook for the future is very black. If the mines close down for an extended period it will mean ruin to many business men and starvation to the men.

Struck Because Their Comrades Were Discharged.

ST. PAUL, Minn., July 6.—A general order for a strike on the St. Paul & Duluth road was issued at 11 o'clock. Every switchman in the yards had quit his post by noon.

Yesterday this road discharged a number of switchmen who refused to handle cars from tied-up roads between St. Paul and Minneapolis.

Judge Thayer issued the omnibus injunction against all interference with trains, and bringing within federal jurisdiction any of the acts described in the law and its definitions as laid down by the court.

### THE OMNIBUS INJUNCTION

Against Interference with Trains Issued by Judge Thayer at St. Paul.

ST. LOUIS, July 7.—At 1 p.m. Judge Thayer issued the omnibus injunction against all interference with trains, and bringing within federal jurisdiction any of the acts described in the law and its definitions as laid down by the court.

Knights of Labor Called Out.

CHICAGO, July 6.—At midnight it is reported at the headquarters of the American Railway union that General Master Workman Sovereign has issued an order calling out all the Knights of Labor in the state of New York, where the organization is said to have a membership of 200,000.

### DUN'S TRADE REVIEW

The Usual Signs Indicating the Business Outlook

### RENDED VALUELESS BY THE STRIKE.

Which, However, has But Little Effect on the Price of Stocks—An Encouraging Improvement Shown in the Number of Failures.

NEW YORK, July 7.—R. G. Dun & Co.'s weekly review of trade, issued today, says:

The interruption of business by the railroad strikes has been such that the usual signs, whether bright or gloomy, have disappeared. Stocks are notably unaffected, and those with a decline of only 14 per cent. share, because it is commonly believed that the struggle cannot last, and will be followed by quick recovery of value.

Railroad earnings show a decrease of 21.8 per cent. for JUNE, against 20 for May, the main trunk lines at the east, the west and especially at the south averaging less, and the other roads more; but these returns refer to riots prior to the strike. Clerical returns for the first week of JULY are 19.1 per cent. less than for JUNE, and 25.1 per cent. less than in 1893, but these record half-yearly settlements rather than the volume of current business.

The news has passed the tariff bill, but in such shape that no one ventures to risk much on its passage without further alteration.

Speculation in products has been largely upon temporary basis, but meat products have been held in a threatened position, and the market price of lamb, which large quantities will be sent to Europe, improved crop prospects have depressed wheat 15 per cent.

15. BACHMAN of Ravenna, Nebraska claims to have fallen to the bottom of a well sixty feet deep without receiving so much as a scratch. As proofs there are the well and the unscratched Bachman, and his neighbors, remembering that truth lies at the bottom of a hole like that, say nothing and saw wood.

### Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors that she had Consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result (everything else), then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at King & Hubbard's Drug Store. Regular size \$6 and \$10.

**CONGRESSMAN MCKEEGAN** of Nebraska, who was living in a log house at the time during his first campaign for congress traveled 10,000 miles and visited every settlement in his big district in his hunt for votes.

### Clinton, Missouri.

Mr. A. L. Armstrong, an old druggist, and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines, but have never in my experience sold so much of any one article as I have of *Billard's Honeydew Syrup*. All who use it say it is the most perfect remedy for Cough, Cold, Consumption, and all sorts of the Throat and Lungs, they have ever tried." It is a specific for Cough and Whooping Cough. It will relieve a Cough in one minute. Contains no opiates. Sold by C. H. Dawson Drug Store.

The selectmen of Melrose, Mass., have in not carrying the co-education of the sexes too far. The recently prohibited the High School Club of that place from playing a professional female nine.

### Ballard's Snow Liniment.

This wonderful Liniment is known from the Atlantic to the Pacific, and from the Lakes to the Gulf. It is the most penetrating Liniment in the world. It will cure Rheumatism, Neuralgia, Cuts, Sprains, Bruises, Wounds, Old Sores, Burns, Sciatica, Sore Throat, Sore Chest and all Inflammations, after all others have failed. It will cure Barb Wire Cuts, and heal all wounds where proud flesh has set in. It is equally efficient for animals. Try it and you will not be without it. Price 50 cents. Sold by C. H. Dawson, Drug Store.

**ASSOCIATE JUSTICE E. D. WHITE** of the United States Supreme Court has not been married as announced, but only had a tumble from his horse. Somebody got these bridle matters mixed.

### A Sound Liver Makes a Well Man.

Are you Bilious, Constipated or troubled with Jaundice, Sick Headache, Bad Taste in Mouth, Foul Breath, Coated Tongue, Dyspepsia, Indigestion, Hot, Dry Skin, Pain in Back and between the Shoulders, Chills and Fever, &c? If you have any of these symptoms, your Liver is out of order, and your blood is slowly being poisoned, because your Liver does not act properly. HERKINS will cure any disorder of the Liver, Stomach or Bowels. It has no equal as a Liver Medicine. Price, 75 cents. Free trial bottles at Dawson's drug store.

As if England were not having enough trouble at present, up jumps Arthurton, the Tichborne claimant, and still looking on the spur of his famous suit.

### Railroad Notes.

W. Hailey, of Batavia, N. Y., conductor on N. Y. C. Railway, and one of the best known men on the road, says: "Tea. For ten years I have suffered from constipation. Tried everything, found nothing of lasting virtue, being so many talking of Parks' Tea, and it, without much hope. The first moved my bowels easily and now I cured. It works like magic. Sold by F. Neisler.

oldest members of the French fleet are M. Depuy and M. Delcassee, they are only 42. The minister of Works is the youngest being 31.

She Gives \$3,500 to the Missionary

Cause in Africa.

The last will of the late Mrs. Mary H.

McCarty, wife of E. S. McCarty, execu-

ted Jan. 9, 1892, was filed for probate

to day. The executor is James C. Beatty,

and the witnesses of the signature are

Laura B. Clark and Mary L. Miller.

Mrs. McCarty was the owner of a lot at

Sargent Chapel, a lot in Sangamon, and

Litchfield, and the home

place in Decatur, all worth \$2,250;

also notes worth \$2,500. In

her will the lady gives \$3,500 outright to

Bishop William Taylor or his successor

in office, to be used to further advance

the Methodist missionary cause in

Africa. The remainder of the estate is

to go to the husband during his lifetime.

At his death all of the property is to be
